

WALK & TALK

PURPOSE

Create a safe, creative, and inclusive session where everyone can contribute.

SIMPLE COLLABORATION PRINCIPLES

For a good and inclusive session:

- All ideas are welcome at the beginning - evaluate later
- Make sure everyone gets the chance to speak
- Listen fully before building on someone else's idea
- Make space for different strengths (lyrics, melody, production, etc)
- As a producer, try not to sit with your back to the group the entire time
- Don't leave the producer alone with the final work - talk about it together
- Have fun - energy spreads in the room

Share with the group your strengths and challenges in sessions (so you can help lift each other up! ❤️)

CONVERSATION QUESTIONS

1. What inspires you musically right now?

(A song, artist, feeling or sound)

2. What do you enjoy contributing the most in a session?

(Lyrics, melody, hooks, production, ideas)

3. What do you need in a collaboration to feel creative and safe?

4. How can we help each other make sure everyone gets equal space in the room?

(A short thought about respect, listening and equality)

5. What role do you prefer to take in this session?

6. If the session turns out really great - how should it feel when we leave the room?
